You are invited to attend the

SSCR Annual General Meeting and Lecture

to be held in the New Seminar Room at the James Hutton Institute, Dundee

Wednesday 20 May 2015 from 2.00pm to 4.00pm

"GM Crops: Where are we now?"

This year we are delighted to announce that the Lecture will be presented by Dr Wendy Harwood of the John Innes Centre, Norwich.

Dr Harwood leads the Centre's Crop Transformation Group and Crop Transformation Facility with a particular interest in wheat and barley. She also manages the BRACT (Biotechnology Resources for Arable Crop Transformation) facility which provides crop transformation resources to the research community.

Registration starts at approximately 1.30pm and there will be tea, coffee and biscuits available on arrival.

Please confirm your attendance by Friday 15 May 2015 at the details below.

Best wishes
